ORAL HISTORY PUBLICATION CONSENT PROTOCOL

You will notice that we obtain consent for the school/organization to use the story, and we separately ask for consent for the usage of the story in the creation and promotion of the publication. These are very deliberately two separate consents.

Sometime after the story is given, the constituent will receive an email with a link to the MyUpdate site. This site restates their consent options and gives them the right to change these options up until the deadline, which is also in the MyUpdate site.

You can access your audible story and change the sharing options listed below at any point, up until 5/30/2025, when story collection is done and we will begin production of the 2025 Marymount University 75th Anniversary Edition Oral History Project. To save a copy of your audible story to your computer, please use the download icon button found in the audio player below. If you wish to make your audible story unavailable, use the delete icon button below. Please note that if you delete your story, it will be permanently archived from our system and no longer accessible.

Do we have your permission to use your content in the creation and promotion of the "2025 Marymount University 75th Anniversary Edition Oral History Project" for Alumni of Marymount University?
